

Aditya Mishra

Software Developer

✉ adityamishra16103@gmail.com  LinkedIn  adi_mishra016  adimishra16

Profile

Full-Stack Developer skilled in Java, React.js, and .NET Core, experienced in building scalable, and data-driven applications with a strong focus on code quality, automation, and collaborative Agile delivery.

Education

Ganpat University - CGPA 8.0

Sep 2021 – May 2025

Bachelor of Technology-Computer Engineering

Professional Experience

Software Developer

Aug 2025 – Present

Sarjen Systems Pvt Ltd.

Ahmedabad, Gujarat

- Migrated legacy VB.NET  modules to **.NET Core (C#)**, improving maintainability and scalability.
- **Enhanced SQL efficiency by 15%**, lowering database load and speeding up report generation.
- **Resolved 10+ production issues in .NET Core modules**, improving system stability and reducing downtime.

Software Developer Intern

Jan 2025 – Jul 2025

Sarjen Systems Pvt Ltd.

Ahmedabad, Gujarat

- Built 3+ **full-stack modules** using C#, **.NET Core MVC**, **React.js**, **SQL Server**, boosting load time by 20% for 200+ users.
- Optimized and **monitored** .NET Core APIs and SQL Server queries using performance metrics and logs, improving backend efficiency by 25%.
- **Built 6+ interactive Power BI reports**, cutting business reporting time by 40% and Enabling AI-powered and data-driven decisions for CRM-based reporting and insights.
- Collaborated with cross-functional teams (QA, Product, UX) under **Agile sprints** to deliver production-ready modules ahead of schedule

Projects

PlayTracker

- **Built real-time cricket scoreboard system** with WebSocket integration, delivering <1s latency updates for 100+ concurrent users.
- **Designed relational MySQL schema** for players, teams, and matches, ensuring scalable and reliable data storage.
- **Developed responsive React.js UI**, improving mobile accessibility and boosting user engagement.
- [GitHub](#) 

Capstone Project Management

- **Developed end-to-end project management system** with real-time chat, attendance, and examination modules for 200+ students and faculty.
- Built RESTful **microservices** using **Spring Boot** for payment gateway and attendance modules, ensuring scalability and modular design.
- **Optimized MySQL backend & REST APIs**, ensuring smooth handling of project status, attendance, and exam records.
- [GitHub](#) 

ACHIEVEMENTS & COMPETITIVE PROGRAMMING

- Secured Global Rank: 646 at LeetCode Biweekly Contest 129
- Ninja Dominator at [Coding Ninjas](#) 
- 450+ Problems Solved in LeetCode
- 1700 Contest Rating in LeetCode
- 150+ Problems Solved at Coding Ninjas
- Top 10 in Hackathon at Swedanta'23 at DAIICT

Skills

Programming Languages — Java, JavaScript, C#, Python, C, PHP

Frontend — React.js, Next.js, HTML5, CSS, Tailwind CSS

Backend — Node.js, Express.js, Spring Boot, .NET Core MVC

Tools & Cloud — Git, Redux, Power BI, SSMS, Appwrite, Docker, Postman

Databases — MySQL, MongoDB, PostgreSQL
